Charge 1 15 C.F.R. § 764.2(d) – Conspiracy to Export Items from the United States to Taiwan without the Required License

Beginning in or about 2003 and continuing through on or about July 29, 2006, Elecmat conspired and acted in concert with others, known and unknown, to violate the Regulations and to bring about an act that constitutes a violation of the Regulations. The purpose of the conspiracy was to export items from the United States to Taiwan without the required U.S. Government authorization. Pursuant to Sections 742.2 and 742.3 of the Regulations, authorization was required from the Department of Commerce before certain chemicals, metals, and electronic components, items subject to the Regulations and classified under Export Control Classification Numbers (“ECCNs”) 1C227, 1C229, 1C231, 1C234, 1C240, and 1C350, could be exported from the United States to Taiwan. In furtherance of the conspiracy, the conspirators, including Elecmat, participated in a scheme in which a Taiwan company requested that Elecmat procure specific items from U.S. suppliers and export them to Taiwan. The Taiwan company instructed Elecmat not to tell U.S. suppliers that Elecmat would export the items. Pursuant to this instruction, Elecmat procured the items and exported them to Taiwan without the required license. In so doing, Elecmat committed one violation of Section 764.2(d) of the Regulations.

On one occasion on or about April 15, 2006, Elecmat engaged in conduct prohibited by the Regulations by exporting sodium fluoride, an item subject to the Regulations and classified under ECCN 1C350, to Taiwan without the Department of Commerce license required by Section 742.2 of the Regulations. In so doing, Elecmat committed one violation of Section 764.2(a) of the Regulations.

Charges 21-39 15 C.F.R. § 764.2(e) - Acting with Knowledge of a Violation

On 19 occasions, between on or about August 13, 2003 and on or about May 13, 2006, in connection with the transactions described in Charges 2-25, above, Elecmat ordered, bought, sold, transported, and forwarded certain chemicals, metals, and electronic components, items that are subject to the Regulations, with knowledge that violations of the Regulations was about to occur or was intended to occur in connection with the items.
